

Connecting In Love - Love

Applying the 5 Love Languages

29th July 2016, 6:30pm – 8:30pm @ Clementi Primary School

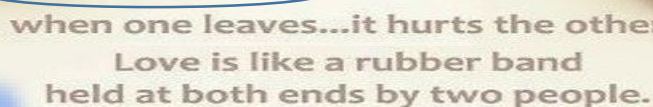

Love is the foundation of the parent-child relationship. Every parent loves their child but does the child realize it? Communication forms the bedrock for any relationship to blossom and grow. To be their best, children need to feel loved. But if a parent speaks different love languages from that of their children, their affection might get lost in translation, affecting the child's attitude, behaviour, and development.

Join us, as experts from Touch Community Services teach us how to apply the 5 Love Languages. In this talk, parents will learn to “speak” the right Love Language to your child.

“He/she will be able to respond to you which will enable you to better bond with him/her and knowing his/her Language will provide you insights into your child’s heart and mind.”

All CTPS parents are welcomed to join for this free 2-hrs session

Overview:

- Practise the 5 Love languages with confidence
- Recognize the primary love languages of their child
- Develop a “love action” list to remind them the long languages they will show to their child
