

Parenting by Design: Different children, different needs

11th August 2016, 12:00pm – 2:00pm @ Clementi Primary School

Parenting can be one of the most rewarding experiences in life. It can also be one of the most challenging endeavours that parents embark upon. Good parenting does not just happen, good parents work at it as they recognize that each child is unique.

Join us with experts from Touch Community Services as they give insights on how to effectively motivate your child to learn and excel based on his or her distinct personality.

The learning outcomes are :

- *To adequately recognize the profile of individual parent-participant*
- *To adequately recognize the profile of their child*
- *To know how to confidently apply the right interactions with their child*
- *To articulate and adapt their parenting style that suits their child's personality.*

Every child has a different learning style and pace. Each child is unique, not only capable of learning but also capable of succeeding.

All CTPS parents are welcomed to join this free 2-hrs session

REGISTER NOW – programme registration is open until 8th August 2016

1. Register Online - click/tap on this link: <https://goo.gl/yC37mK>

2. SMS your name, child's name and class to 98286883
